

SPOTTING Rust

INTRODUCTION

Rust is a reddish-brown stain that will come in all shapes and sizes and is very common to the on-location carpet cleaner. Rust is caused by metal reacting to oxygen when moisture is present.

PROCEDURE

- **STEP 1**
Apply **T-Rust** directly to the rust spot.
- **STEP 2**
Agitate with a **Spotting Brush**. Give 1-2 minutes of dwell time if needed.
- **STEP 3**
Extract the **T-Rust** from the fibers using your extraction machine.
- **STEP 4**
Repeat steps 1-3 if rust color is still present.
- **STEP 5**
Apply **Avenge Spotter** to the rust spot.
- **STEP 5**
Agitate with a **Spotting Brush** and give 1-2 minutes of dwell time.
- **STEP 7**
Rinse with water from your extraction machine.
- **STEP 8**
Neutralize with a mist of **Fab-Set**.
- **STEP 9**
Dry quickly.

Note: Rust removal does not actually result in the removal of the reacting metals; rather, it changes the rust color to clear. However, it is not necessary to educate the customer on this fact.

Chemicals Needed

Bridgepoint Spotting Kit
Type: Assorted chemicals & accessories
Highlights: Contains a complete selection of spotting products stored in a SoftSide™ bag.

T-Rust
Type: Rust Remover
Highlights: A rust remover that contains no harsh acids. **T-Rust** is now non-corrosive and non-polluting.

Avenge
Type: Neutral spotter
Highlights: The ultimate spotting chemical. Removes most water-based stains and many oil-based stains.

Fab-Set
Type: Conditioner/neutralizer
Highlights: Prevents soil wicking, browning and yellowing, and will neutralize alkaline residue.

Accessories Needed

Spotting Towels
Description: Absorbent Material
Purpose: Used to absorb stains and chemicals, when spotting.

Spotting Brush
Description: Brush
Purpose: Agitates chemicals into spot.

Equipment Needed

Power X Spotter
Description: Portable spotting machine
Purpose: Remove spots and stains quickly and efficiently without setting up heavy equipment.

Any Truckmount
Description: Hot water extraction machine
Purpose: Provides heat, pressure and vacuum for the cleaner.

Olympus Portable
Description: Portable Extractor
Purpose: Portable unit that extracts water and chemical from carpet or upholstery.
